Balancing charm and contemporary features, the Henley is a home that will meet your needs now and in the future. A well-placed home office provides a quiet spot to take Zoom meetings and easy access to the delightful front porch when you need a break. Whipping up meals is easy in the state-of-the-art kitchen where pancakes can be served at the island or the breakfast nook. Plan adventures in the two-story living room. Upstairs, a game room can double as a homework center and a media room invites visions of movie nights. There's no chance of clutter when all bedrooms have walk-in closets.
