Perennially popular, the Masters boasts everything you could want in a home and more. Offering even more space, the five-bedroom design is sure to be the go-to home for holiday dinners with a family room large enough to provide for abundant seating. The island kitchen is equipped for cooking in full swing, turning out everything from canapes to a turkey with all the trimmings. Boasting a game and media room, the upstairs is an entertainer's paradise. If you don't need all five bedrooms, it's easy to turn one or two into a home office.
