Avant-garde, distinct and artistic the Picasso II was tailor-made for modern residents. The roomy four-bedroom home is modular, allowing you to configure it to meet your needs. A sitting room is a sophisticated accompaniment to the primary suite that can easily double as a fitness center or home office. Turn the downstairs bedroom into a homework center. Keep in mind that will put residents closer to the cookies in the kitchen's walk-in pantry. That leaves the game room free as the ultimate hang-out. Use vibrant paint and don't skimp on the bean bag chairs. While they compare selfies, you can relax in the spacious family room with wine, cheese and the latest foreign film.
